

LIFE is like a GARDEN  
And FRIENDSHIP like a FLOWER  
With the sunshine and the shower ...  
And lovely are the blossoms  
That are tended with great care  
By those who work unselfishly  
To make the place more fair ...  
And, like the GARDEN blossoms,  
FRIENDSHIP'S FLOWER grows more sweet  
When watched and tended carefully  
By those we know and meet ...  
And, like sunshine adds new fragrance  
And raindrops play their part,  
Joy and sadness and new beauty  
When there's FRIENDSHIP in the heart ...  
And, if the seed of FRIENDSHIP  
Is planted deep and true  
And watched with understanding,  
FRIENDSHIP'S FLOWER WILL BLOOM FOR YOU. ©

Friends can find fun once they've found each other. Sitting, studying, gossiping, gambling ...

... snacking, whacking, buying, ooh-ahing. Friends can make fun happen almost any place.

Close friendships grow in rain or shine ...

... and flourish whether with many or just one.

New friends can be found all around, at the Hub or by the fountain, alone or in lines, helping each other or hamming it up. New friends and old ones are both good to find—Friends make USM.

Sport-spirit brings friends closer together, whooping and hollering for our own Golden Eagles. Spirit, sports, good times.

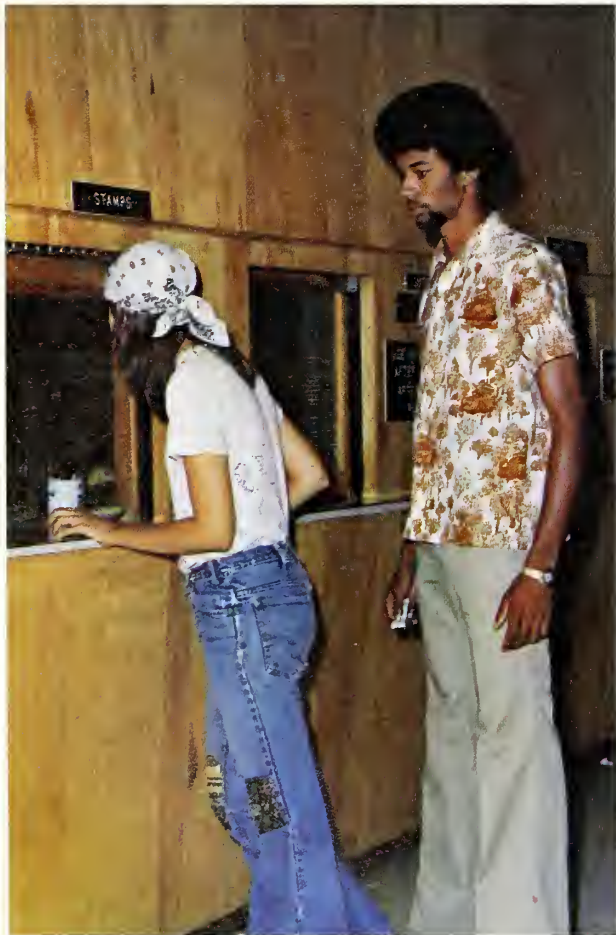

The spirit of fun comes easy whenever a group of good friends get together. A carnival isn't complete without the ball-toss and sticky cotton candy and, especially, festive friends.

Old friends are: to share old times with—even painful ones, to beat at their own games—well, sometimes, nice to hear from—even if it's just a letter, and loving to be with.

Food and friendship go together—friends make things easier to digest.

# HAROLDS CLUB

RENO

## MAIN ENTRANCE

"Step right up and place yer bets!" was the call as the U.A.C. beckoned registration-weary students to put a stake into "Casino Night" at the Union and to flirt with Lady Luck for a little while. Would-be wheeler-dealers played blackjack, poker and other games in real casino style, and a good time was had by all. Despite the card players' expressions, the money was fake. Fortunately, though, the fun of playing "high roller"—even if it was only for one night—was real indeed.

Friendships can grow and flourish wherever ...

... there are people willing to look for, and be, good friends.

# COLLEGE OF BUSINESS ADMINISTRATION

The Business Building is one of the finest of its kind. More important, a genuine interest in the students is shown by most if not all faculty members. Labor relations are another plus for the CBA. Many student organizations exist within an atmosphere of joint responsibility and cooperation. The Business Student Advisory Council meets regularly with the Dean Joseph A. Greene Jr. to discuss matters of universal interest.

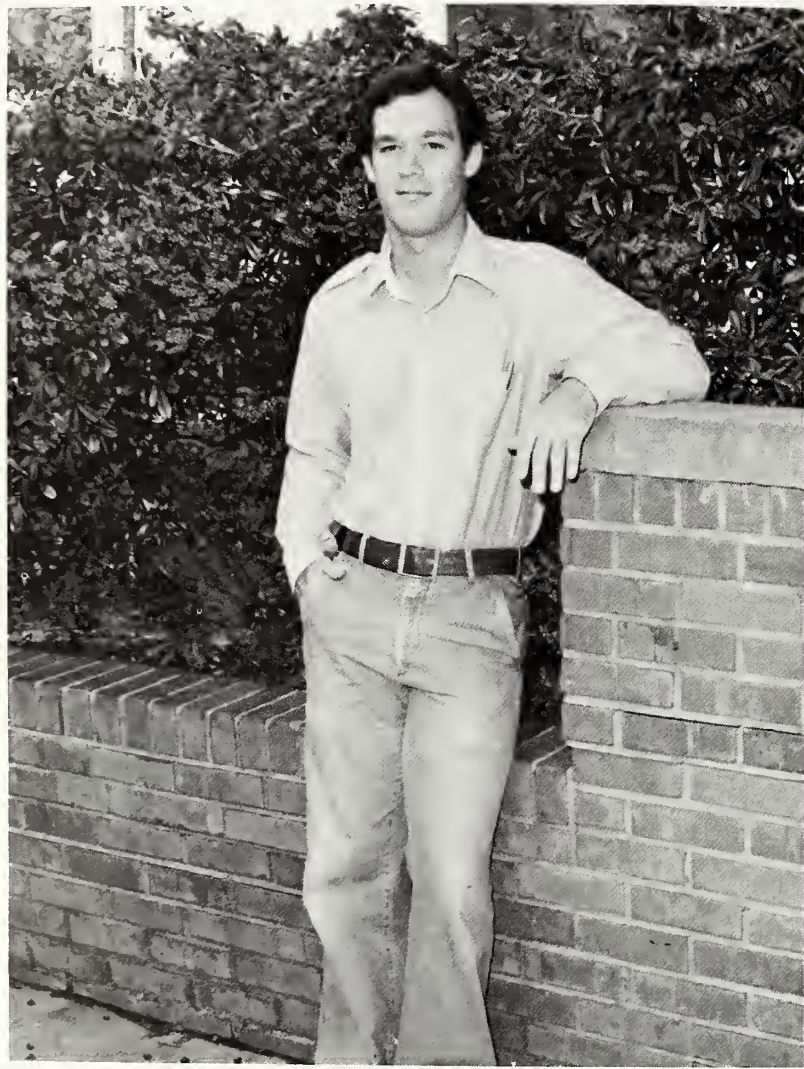

Along with the many professional organizations with the College, the BSAC assures students of a voice in their education. The College of Business Administration also makes many valuable contributions to the community around it the Bureau of Business Research conducts constant analysis on the region's resources, economic trends and needs for trained personnel. The Bureau also works closely with the Placement office in placing graduates in available jobs.

Bus. Adm. Senators (L. to R.): Jim Putnam, Susan Ford, David Stewart, Wanda Fairley.

# SCHOOL OF SOCIAL WORK

Social Work Senator: Gene White.

The School of Social Work, organized in 1973, has come a long way in training students to deal with social problems in communities, starting with its first class in the fall of 1974. William Saxon who works as the Dean of the school, holds service as his main goal. The training of students to aid people in the battle against daily problems is the first duty of the School of Social Work. Graduate work is offered, emphasizing practical experience as the best method of teaching so that future social workers can be capable of providing real service to whatever community they choose.

# COLLEGE OF EDUCATION AND PSYCHOLOGY

Today, class, we are going to learn about the College of Education and Psychology. Ed-Psych, as it is sometimes called, is run by Dean Eric M. Gunn. Included in the college are the following departments: Library Science, Industrial-Vocational, Business Education, Guidance and Counseling, Psychology, Special Education, Curriculum and Instruction, and Educational Administration.

Ed-Psych. (L. to R.): Susan Boykin, Donna Blackwell, Donna Barber, Lisa Fulker, Ben Moore.

There is also a cooperative program with the College of Science and Technology in the Science Education Field. All phases in the field of education are covered at all levels. Ed-Psych offers more than mere classrooms, however. Their clinics include Reading, Special Education and Psychology. The Reading and Special Education departments that are housed in the new Speech Building have the finest facilities in the Southeast. Also within the parameters of the college are a psychology lab and a child development center.

## COLLEGE OF FINE ARTS

The College of Fine Arts, with Dean David Foltz at the helm, has set for itself a course toward further excellence, leaving bouyant achievements in its wake. Sailing by the stars, the college seeks three broadly encompassing goals. Increasing the prestige of Fine Arts at USM lies off the bow, with ambitious, continuing expansion of facilities and faculty, offering a broader beam of cultural opportunity to Fine Arts students and all other students as well.

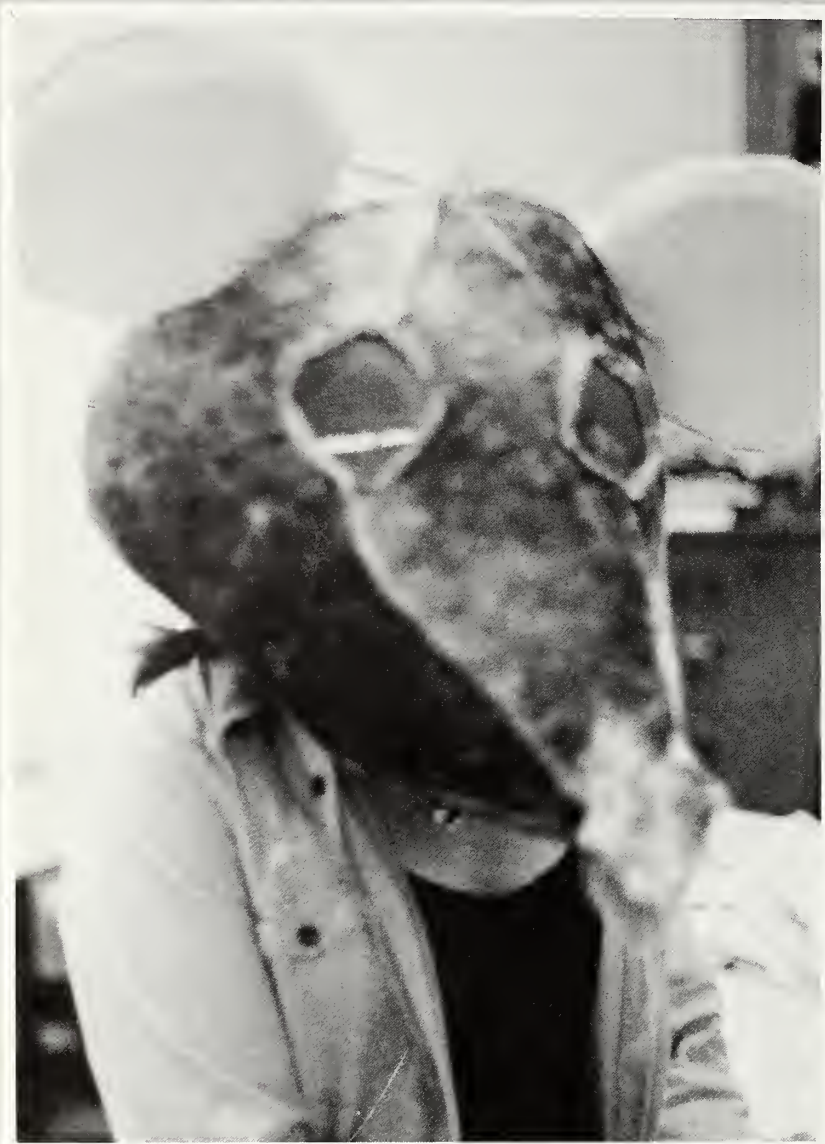

The main target of the College of Fine Arts has to be a broad, quality education for its students, seaworthy for the graduates embarking upon the sea of life.

Fine Arts Senators are:  
Tom Smith and Jenni Duchek.

Degrees in both music education and applied music are awarded to diligent music students, with the key to success being noteworthy opportunities to perform, both in large concerts and a wide range of recitals. With all activities of the Theatre Department, the Spotlight focuses on professionalism, bringing that "slice of life" centerstage for each performance. The Art Department makes a large contribution completely out of proportion to its size. With courses in both professional and aesthetic design, all needs are satisfied.

## COLLEGE OF LIBERAL ARTS

The College of Liberal Arts is bound to be the World Book of USM's colleges, organized into thirteen departments offering a broad cultural and educational experience. Dean James Sims edits the programs of the College, governing the policy and contents of these departments indexed as: Aerospace Studies, Philosophy and Religion, Criminal Justice, English, Foreign Languages, Geography, History, Journalism, Military Science, Political Science, Sociology, and Speech and Hearing.

A myriad of outside activities allude to this college's programs as well. Student publications, a commendable production of faculty publications (books, articles, essays, book reviews, and papers), faculty sponsored clubs and organizations and the Debate team to name only a few. One does not have to read between the lines to clearly see that, in the College of Liberal Arts, "Life is an open book."

Liberal Arts Senators (L. to R.): David Carraway, Walter Williford, Claudette LeCog, Jim Walton, Kevin Cooley.

# COLLEGE OF SCIENCE AND TECHNOLOGY

(Above Right) Dean Gary Wildman.  
(Above Left) Science and Technology Senators  
(L. to R.): Ron Jordan, Lynn Anderson, Tim Folsie, Barry McPhail.

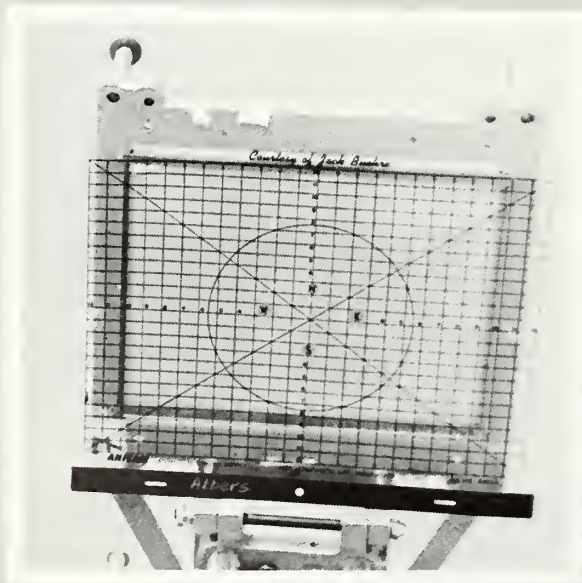

Continuing true to its starry course is the College of Science and Technology with Dean Gary Wildman manning the controls. This course means stimulating research and using the most up-to-date instructional methods to maintain an optimal teaching/research balance and attempting to expand its facilities and programs in the near future to conquer new worlds of knowledge, "... to boldly go where no man has gone before".

# COMPUTER SCIENCE

New Horizons loom in fields of Building and construction technology, industrial and mechanical technology, and food science, as well as in the more familiar pursuits of biology, chemistry, computer science, and medical technology.

True, the College of Science and Technology has plotted an ambitious course for itself, but the magnitude of its advances has been astronomical and the college continues to thrust ahead at warp-speed.

# SCHOOL OF HEALTH, PHYSICAL EDUCATION AND RECREATION

(Right) Dean Walter Elmore Cooper

HPER Senators (L. to R.): Steve Walsh, Susan Smith.

The School of Health, Physical Education and Recreation, one of the older schools at USM, keeps itself healthy and strong with Dean Walter Esmore Cooper at the whistle. By exercising many options of career opportunities, both teaching and non-teaching, HPER seems to promote its philosophy that "variety is the spice of life." The school's four departments, Athletic Administration and Coaching, Health, Physical Education, and Recreation all offer programs to train specialists in lifetime sports programs by emphasizing practicum experience in teaching, even in graduate studies. Fieldwork in coaching or rehabilitation of the handicapped, camps and clinics in safety and athletics are only a few of the participant oriented offerings.

## SCHOOL OF HOME ECONOMICS

The School of Home Economics serves a chef's delight to its clientele via the recipes of its most noted chef, Dean Sarah Gibbs. The menu contains four main courses of study which are Family Life Services, Home Economics, Environmental Design, and Institution Administration.

Home Ec. Senator: Charles Fridge III.

The Department of Family Life Services, Selection #1, sets its table with a home management emphasis. This selection gives the partakers an insight into future home life, and includes a quarter in one of the Home Economics houses. The Department of Home Economics Education has within its diet sustenance to prepare the diner for the instruction of others. The Department of Environmental Design, Selection #3, is spiced with degrees in clothing merchandising and clothing textiles. To the Department of Institution Administration, Selection #4, one may show his "Diner's Club Card" and be presented a menu of main courses including dietetics, food and nutrition and Hotel and Restaurant Administration.

# SCHOOL OF NURSING

Nursing Senators (L. to R.); Steven Applebaugh, Carrie Whittet.

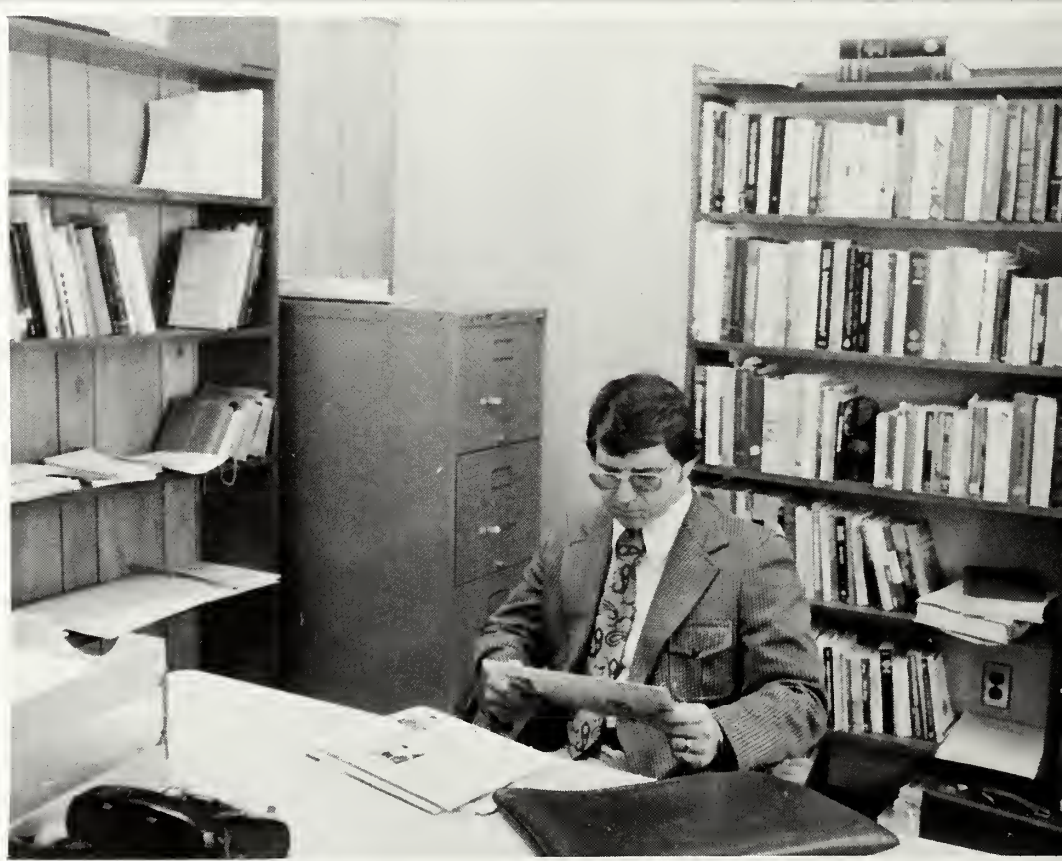

It is to USM's accreditation to have such an outstanding school such as that of Nursing headed by Dean Elizabeth Harkins.

Florence Nightingale would have been proud for graduates from USM's Nursing School to wear the title of Nurse.

# SCHOOL OF LIBRARY SERVICES

We would like to congratulate the proud father, Dean Onva Boshears, on the arrival of the new School of Library Services. May your baby grow healthy and strong in the forthcoming years.

Library Services Senator: Brenda Hammock.

What is thin, round, flies in the air and is

It's a Frisbee!

Peering on lookers are stunned by the Frisbee Aces, José Montalvo and Alan Blake, as they maneuver outlandish feats with this spinning utensil called a Frisbee! A Frisbee can be an enjoyable play toy or it can be a competitive sport but in this situation, it is both.

# WHAT'S HAPPENING

As each school year begins, we move in, register and stand in long lines in order to get the books for our classes that we'll either drop or change the next week. Of course, next on the list of priorities is getting the supplies we need for our classes, while we still have a little money left in our checking account.

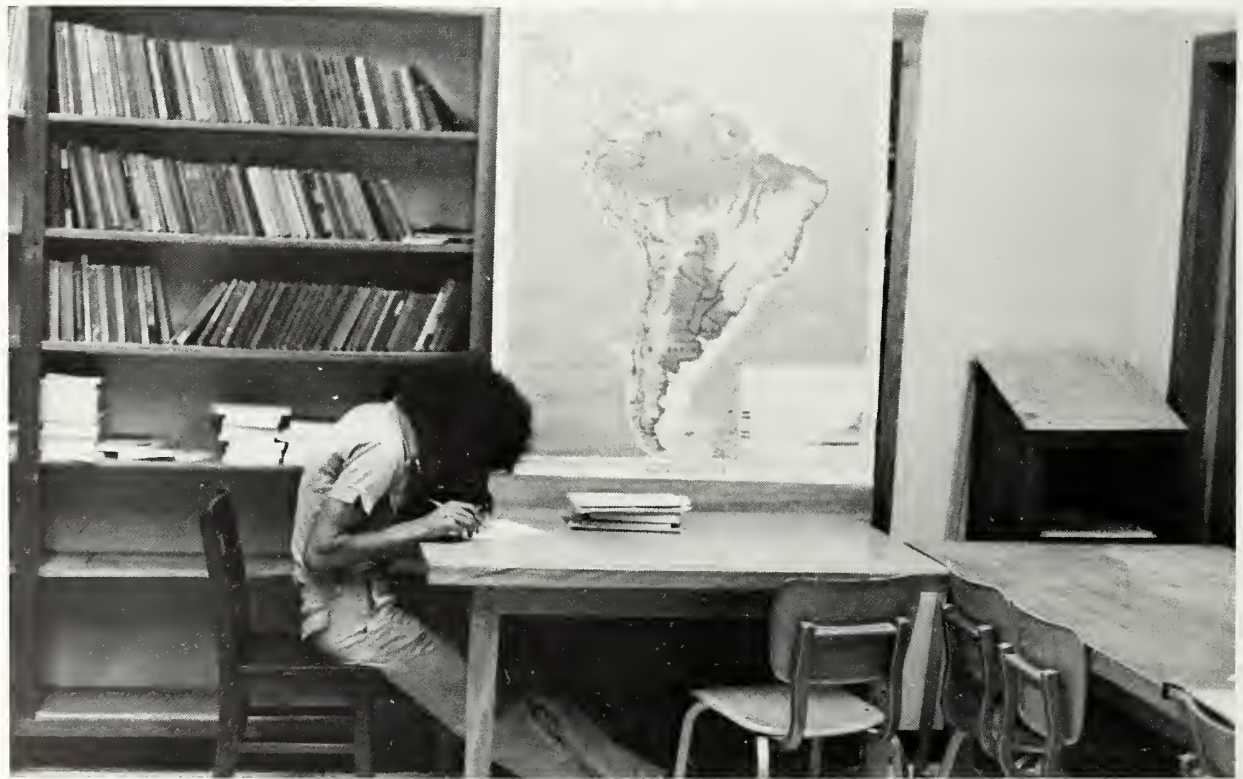

Now that we're finished with our list of priorities, we can get down to business; like, greeting our friends, talking about the watermelon we ate during the summer, and looking forward to pep rallies, football games, outdoor concerts, plant sells and eating banana splits.

Then, there was "Casino Night", walking to classes in the rain with friends, and also there was studying. We'll remember in years to come going to McClemore Hall to get our mail because the Post Office was being enlarged. And last, but not least, we'll remember receiving our yearbooks.

USM!

"Showdown-Southern Style" was coined as this year's Homecoming theme.

Dozens of displays, fantastic scenarios of victory, popped up ...

... all over campus, transforming the Eagle Show-down Theme ...

... into pure magic to tickle the imagination.

The  
**Pride**  
of Miss.

# THE PRIDE

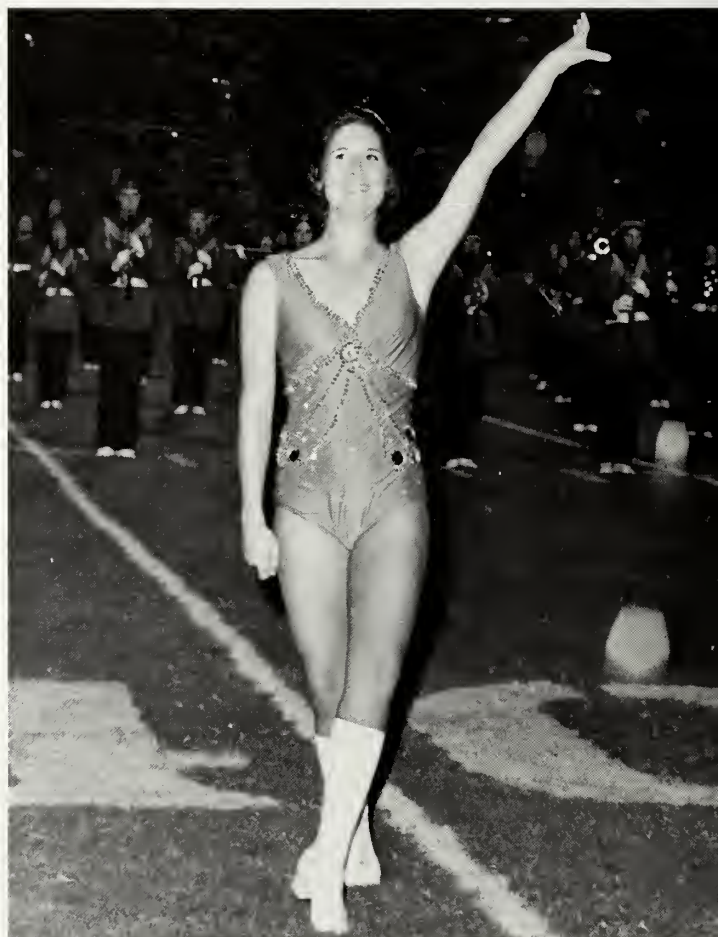

... as the Pride charged up the damp atmosphere with music, marching and razzle-dazzle that made us all proud of them and our team. So the stage was set for the Big Event of Homecoming as the rain began to pour down ...

Homecoming may not have been what we had hoped it would be, but the Pride turned out a dazzling half-time show that helped us forget about sponging up one downpour and waiting for the next, and about being disgruntled that the seeming "curse of the home turf" had not yet been broken. With majorettes smiling, Dixie Darlings gracefully dominoing, bright flags cutting the damp night air, and bassdrum whumping (for a while, anyway), brass flashed in the stadium lights "chased our blues away"; nobody does it like our Pride, despite the rain, despite losing, despite a broken drumhead.

Looking back on Homecoming now, the disappointment and frustration of losing a big one loses its bite to the remembered anticipation, color and full-dress splendor of the Homecoming Event itself. After our team earned the state championship, it's good to think back on the Pride, that strutted and played so well, like real troupers, through our defeats as well as our victories.

# DIXIE DARLINGS

The 40 girl precision dance squad performed to the music of the Pride during halftime shows. Under the direction of Mrs. Karen Quarnstrom, the Dixie Darlings entertained spectators with their high kicks and sharp dance steps.

Captains: Pam Bass, Melissa Grimsley, Jill Gunnell, and Margret O'Neal.

Dixie Darlings: Nedra Allgood, Shiela Barber, Debbie Bass, Shawn Bates, Cindy Cain, Theda Carlisle, Kathy Catt, Maria Cirlot, Susan Cole, Kathy Cooke, Kathy Cowen, Karen Curry, Gina Davis, Hanna Eubanks, Rhonda Freeman, Anne Gambrell, Lisa Gault, Mary Hackney, Marie Haynes, Sherri Hays, Diane Humphries, Kay Johnson, Tammy Johnson, Valorie Laffoon, Danielle Lutz, Barbara Mannoni, Pam Marshall, Debbie Massey, Dani Mottola, Matilda Ogden, Cindy Richardson, Ellen Riley, Wynn Rivers, Mary Ruzina, Patsy Shealy, Sherry Williams.

# STATE FOOT-

The Golden Eagles opened the 1977 season with big wins over Auburn and Ole Miss. Adding the triumph over Mississippi State, the Eagles became 3-0 over S.E.C. opponents and became State Football Champions.

The Eagles finished the season with a 6-6 record. Road trips particularly benefited the gridiron cause, with USM scoring impressive victories over Troy State, Texas-Arlington, and Hawaii.

The Mississippi Career Rushing Record was set by Ben "Go-Go" Garry. He broke the record established by Walter Payton, a graduate of Jackson State University. Garry rushed 1,134 yards this season for a total of 3,595 yards in his career.

USM CHEERLEADERS: Standing: Anne Malone, Julie Langton, Susan Fasano, Barbara Bernzott, Margie Putnam, Jamie Magee; Kneeling: Mike Sartain, Bobby Hall, Doug Williams, David McVeay, Donnie Lindsey.

The cheerleaders helped to keep the enthusiasm high at pep rallies and games. Along with the Eagle mascot, Anthony Curtis, the cheerleaders sparked more school spirit than ever before. At both football and basketball games, this energetic group led spirit and rose, like golden birds, high above their call.

In the course of one's life there is always something one dreams of doing editing the SOUTHERNER was such a dream for me. It has given me the chance to accept responsibility and to learn to work with deadlines. This has been a great experience for me.

As with any worthwhile effort, the task of publishing a yearbook can not be accomplished alone; it takes a good, hard-working staff to produce a good yearbook. I would like to thank Harry Hodges, Assistant Editor, for his imagination and hard work and Mr. Warren Dunn, Advisor, for his patience and understanding. My thanks also go to USM Photo Service for their time and help in assisting the staff to meet deadlines and to Vicky Wilson who helped me so much; not only with the yearbook but also by being a friend. Thanks is also extended to the staff for their tireless work with special thanks going to my righthand lady, Billie Cole. Without her tireless and never ending help I would probably still be working on the yearbook. As important as, if not more important than, a good staff is a loving family and understanding friends. I would like to especially thank my family for their love and prayers.

The staff and I have worked hard to give the school an accurate and enjoyable record of the activities occurring at the University of Southern Mississippi during the 1977-1978 academic school year. I hope you enjoy the '78 SOUTHERNER.
